SUPERVISORS INSPECT JAIL BEFORE ACTION

Bond Issue To Bring About Improvement Deemed Necessary

Several members of the Lee county board of supervisors who have never seen the inside of the county jail, made a thorough inspection of the county's property this afternoon. When the board reconvened at 2 o'clock Chairman Julius Delhot of the building committee invited the board as a body to recess for 30 minutes to inspect the jail property.

The chief subject of conversation at the annual December meeting of the board is the proposition of building a new county jail. The board members realize that the continued reports and recommendations of grand juries for years have been investigating thoroughly this afternoon. Sheriff Ward Miller headed the board members on the tour of inspection and pointed out the worn out condition of the property generally, repairs on which will require a considerable expenditure in the very near future.

Bond Issue Necessary

In their discussions, the board members have concluded that a bond issue would be required to bring about the building of a new jail, and the necessity of the supervisors are in favor of disposing of the county property on Hennepin avenue and Third street and adding another floor to the court house building which would serve both as a county jail and sheriff's quarters.

The applications of Mrs. Meade of this city and of A. J. Virgil of Amboy for blind pensions were granted upon the recommendation of the judiciary committee at yesterday afternoon's session.

A recommendation from the road and bridge committee asking the appropriation of \$2,000 to be used in the gravel fund for South Dixon and Harmon townships received the unanimous vote of the board.

The purchasing committee's report, favoring the purchase of a new typewriter for use in the office of State's Attorney Mark C. Keller, was adopted.

Supervisor D. H. Spencer presented a plat of Black Hawk park controlled by F. A. Schoenholz and located near the Grand Detour bridge the board admitting the plat to the county records in order that the land may be re-platted.

Fog Cause Of Minor Accidents Last Eve

Springfield, Ill., Dec. 11.—(UP)—Density of a fog which prevailed central Illinois the past several days and nights has resulted in several accidents, delayed traffic and temporary suspension of railroad service.

Four persons received deep lacerations to the face when an automobile collided near Beardstown last night. Marvin Foster, 15, and Doris Creamer, 14, both of Beardstown, and C. C. Schwartz and Ruth Walters, both of Quincy were the injured persons.

Seven persons were injured near Jacksonville as a result of an automobile accident last night. All seven received cuts and bruises.

Airmail service through here was suspended yesterday because of the dense fog. Electric and steam lines were behind schedules last night because of the fog.

Negro Officer U. S. A. Faces Sentence

Chicago, Dec. 11.—(AP)—Col. Otis B. Duncan, said to have been one of the highest ranking Negro Army officers during the World War, is to be sentenced in federal court January 7 for entering false claims against the government for approximately \$1,700. He was found guilty in federal court yesterday.

The conviction carries a maximum sentence of 10 years imprisonment and \$10,000 fine. Col. Duncan had entered a plea of nolo contendere.

Rockford Child Was Fatally Burned Today

Rockford, Ill., Dec. 11.—(UP)—Dorothy Scroggins, 9, was probably fatally burned today when a can of kerosene with which her father was attempting to light a fire in the stove exploded in their one room home here. Sheets of flaming oil were hurled over the child as she slept. The father, Jack, a World War veteran who was gassed over seas, was critically burned. Firemen rescued the unconscious father and daughter from their burning home. Mrs. Scroggins fled to safety.

M'REYNOLDS IS ARRAIGNED ON ROBBERY CHARGE

Claude Horton Swears Complaint: Case Is Continued

BULLETIN.
The result of an expert's examination of the three pound sledge hammer which was used early Sunday morning in beating Clarence Shults, Riverview garage night station attendant into unconsciousness in a most brutal manner, was expected to develop valuable information within the next 24 hours. Chief of Police J. D. Van Bibber went to Chicago this morning with the sledge hammer which bears many blood spots, to be submitted to an expert for thorough examination. Shults' condition remains unchanged.

William McReynolds, local Negro garage attendant, was charged with the burglary of the Claude E. Horton garage last evening when Mr. Horton appeared before Justice J. Shaulis and swore out a warrant for his arrest. McReynolds was taken from his cell in the city jail to the justice court where the charge was preferred and his bond fixed at \$2,000 the case having been continued until Tuesday, December 17 at 9 o'clock in the morning. In default of the amount of the bond, he was remanded to the county jail.

The issuance of the burglary warrant last evening on complaint of the garage owner was the first action to be taken since the robbery of the cash register at the Horton garage and the brutal attack upon Clarence Shults, night attendant at the Newman brothers Riverview garage, probably both taking place within one hour Sunday morning. McReynolds had been a former employee at the Riverview garage and up to the time of his being held for investigation, had worked at the Horton garage.

SWARTHY MAN BEING SOUGHT AS MURDERER

Rockford Police Learn Of His Presence In That Vicinity

Rockford, Ill., Dec. 11.—(UP)—A swarthy man, nervous and apparently fearful of being recognized was hunted today as the possible murderer of Miss Cordelia Gummehammer, language teacher who was clubbed to death in her one room apartment early last Sunday.

The tip came from Sam Hyland, a filling station attendant at Bellevue, about six miles east of Rockford and on a road leading to Chicago, almost simultaneously with the burial of the teacher at Bellevue.

Hyland said the mysterious motorist stopped about 2 A. M. Sunday and demanded quick service. The only other occupant of the car was a white Spitz dog, Hyland said.

Appeared Nervous
"He appeared extremely nervous," Hyland said, "and he asked me to hurry up and service his car. There was another customer and I waited on him first. Then I pumped four gallons—all it would hold—into the tank of the suspect's machine."

"The man, who was neatly dressed in dark clothes, with a soft, dark hat, spoke perfect English and his skin was very swarthy," Hyland said. "He may have been a foreigner."

"He said to me that if anyone came along asking if a new Dodge sedan had stopped there, to say nothing about it."

"She'll probably have someone out looking for me," he said, "and so just forget it if anyone inquires." I gathered that the man had had some

11 SHOPPING DAYS TILL CHRISTMAS

A LOT OF PEOPLE ARE TAKEN BACK ON CHRISTMAS MORNING—AND A LOT OF GIFTS THE MORNING AFTER.

YOUNG PEOPLE IN AUTO CRASH ESCAPE INJURY

Milk Truck Skidded On The Wet Pavement North of Amboy

Four young people narrowly escaped serious injury last evening on the state highway route 2 paving about four miles north of Amboy, when a Dodge truck belonging to the Henry G. Pohl dairy farm near Mendota, skidded on the wet pavement, while apparently being driven at a high rate of speed, and turned over twice, Miss Opal Paine of Mendota who was riding in the seat with three young men suffered injuries to her back and one of her legs and all four were badly shaken up.

The Dodge truck with a cab body was loaded with bottled milk ready to be delivered to customers in Mendota early this morning. Lou Bedient, the driver, who is said to have entered the employ of the Pohl Dairy only a few days ago, was driving the truck and Fred Bedient and Virgil McCray, all of Binghamton, east of Amboy were reported to be riding in the front seat with Miss Paine.

Another car, a Chevrolet sedan, with several young people as passengers, was following a short distance behind. The accident happened about 9 o'clock last night at the curve north and east of Amboy and occurred only a short time before Sheriff Ward Miller and a deputy from Dixon arrived at the scene on their way to Amboy. The driver Lou Bedient and the young woman were taken to Amboy. Hundreds of milk bottles some shattered and other undisturbed were scattered about the paving and the car was practically demolished. A state highway maintenance crew was summoned from Amboy and removed the wrecked truck from the paving to prevent further accidents until it could be hauled to an Amboy garage.

Occupants of the truck told Sheriff Miller that they were "out for a ride" when the car skidded and turned over as they were rounding the curve.

Miller Convicted Of Diploma Mill Fraud

Chicago, Dec. 11.—(UP)—W. H. H. Miller, head of the State Department of Registration and Education under ex-Gov. Len Small, must serve seven months and a day in the county jail and pay a fine of \$2,000 for conspiring to issue fraudulent medical and dental licenses.

Miller was convicted by a jury in Criminal Judge Jacob M. Hopkins' court last night after four hours of deliberation. Arguments for a new trial will be heard, Dec. 19.

State's witnesses described Miller as the head of a \$1,000,000 ring dealing in fake licenses. Assistant State's Attorney Samuel G. Clawson charged in his final argument that Miller had planned to issue licenses to 500 unqualified persons at a fixed price of \$2,000 each.

The defense rested its case Monday without placing a witness on the stand.

Two Murderers Must Die, Court Decrees
Jefferson City, Mo., Dec. 11.—(AP)—Lawrence Mabry, Sedalia, Mo., youth, and William Mosley, St. Louis Negro, both sentenced to hang for murder, must die, the Missouri Supreme Court ruled today in their appeal cases.

Mabry, 19, was sentenced to death in Cooper county for killing William Bush in Sedalia, February 4, 1927. The Negro was convicted of having slain three persons, including his wife, in a shooting in a grocery store in St. Louis, September 10, 1927.

Both executions were set for Friday, January 31, 1930. Mabry to be hanged at Booneville, Mo., and Mosley in St. Louis.

Rabbit Supper By Legion Last Night

The rabbit supper given by Dixon Post American Legion at the Elks club, at which members of the Auxiliary were guests, was attended by about 150 and was a most enjoyable affair. The Rockford Boy Scouts drum corps was present and entertained the event with music and Scout stunts, and pictures of the recent jamboree in England were shown, being explained by Albert Dreisbach, Field Executive of Rockford.

Decision Prohibits Super Skyscraper

Chicago, Dec. 11.—(UP)—Chicago will have to get along without any super-skyscrapers, Judge Thomas Taylor Jr. has decided.

The jurist yesterday revoked the license of John F. Cuneo to construct a 60 story building in the "loop" on the ground that it would confiscate neighboring property and be a hindrance to the city's growth.

TWO SOCIALLY PROMINENT BOSTONIANS FOUND DEAD; SUSPECT SUICIDE PACT

Young Artist Killed Self And A Bride Of Six Months

New York, Dec. 11.—(AP)—Henry Grew Crosby, 32, and Mrs. Josephine Rotch Bigelow, 22, a bride, both socially prominent in Boston, were found shot to death in an artist's studio in West 67th Street last night in what police said was a suicide pact.

The bodies, fully clothed, were found facing each other on a bed. Crosby's left arm was about the woman's neck and in his right hand was a .25-calibre pistol. Mrs. Bigelow was shot in the left temple and Crosby in the right.

There were no notes, and while the police were convinced the couple died in a suicide pact they were at a loss to ascribe a motive.

Crosby had been registered since Nov. 28 at the Savoy Plaza Hotel with his wife, the former Mrs. Mary Jacob Peabody of New York, whom he married in 1922, and his mother, Mrs. S. V. R. Crosby. He was the son of Stephan Van Rensselaer Crosby, Boston banker and a war veteran and a graduate of Harvard. He recently had returned from Paris. He was a nephew of J. P. Morgan.

Mrs. Bigelow had been visiting friends in New York the last two weeks. She was married last June to Albert S. Bigelow, now a graduate student at Harvard and a former Harvard hockey player.

Described As Poet.
The studio at the Hotel de Artistes in which the shootings occurred was that of Stanley Mortimer, Jr., who said he had met Crosby in a Paris cafe five years ago, and that Crosby sometimes used his apartment when in New York. He described Crosby as a poet.

He said that Crosby phoned him yesterday afternoon asking for use of the apartment and that he had given his consent. Crosby arrived with Mrs. Bigelow shortly afterward. When Mortimer returned about 9:15 last night he found the door locked and bolted and receiving no answer to his ringing, notified the superintendent who forced an entrance. The bodies were then found.

In Crosby's pocket the police found a wallet containing \$523.75, a visiting card reading, "Harry Crosby, 19 Rue de Lille, Paris," and a radiogram addressed to him aboard the steamship Mauretania and dated Nov. 18. It read:

"Cable George when you arrive and where I can telephone you immediately. Am impatient."

(Signed) "Josephine."

Rabbit Tendencies Of Hubby Unwelcome

Chicago, Dec. 11.—(AP)—Mrs. Charles Flynn deposes that her husband liked to think himself a rabbit. His crying regret was he couldn't wiggle his ears.

He'd sit on the floor, like a rabbit, and brush his whiskers. He'd demand alfalfa for bedding. He insisted upon eating raw carrots.

Mrs. Flynn complained to Judge Max Luster. She said she was not temperamentally inclined to enter into the rabbit game with enthusiasm. She expressed the opinion that Charles must have drunk something that didn't agree with him.

The court knew of no place to put Flynn where his rabbit habit would find sympathy, so he suggested the psychopathic hospital.

Former Teacher In Lee Schools Dead

Many of the friends of the late W. T. Tuttle have been advised of his death in San Francisco, California, on November 7, 1929, at the age of 63 years. Mr. Tuttle will be remembered by many as having taught in several of the country and city schools in this vicinity—in the late eighties and early nineties. For the past few years he has made his home with his daughter, Mrs. Mary Tuttle Frost, in San Francisco. He was a man of rare attainments—a splendid teacher, a good friend and neighbor, and a fine Christian gentleman. His passing is a distinct loss to all who knew him.

Too Many Cars For Man Result In Suit

Chicago, Dec. 11.—(AP)—Schuyler C. Schwartz, his first wife said, had 13 automobiles and a different woman to ride in each. His second wife sued for separate maintenance, charging about the same thing.

That suit was dropped when Schwartz agreed to get rid of them, but Mrs. Schwartz said their lack must have prevented his returning home. He phoned frequently, she said, saying he was on the way home, but seldom did he arrive.

She is suing again for separate maintenance.

Terse Items of News Gathered in Dixon During Day

TWO CHIMNEY FIRES

The fire department responded to two alarms last evening where chimneys were burning out without damage to the properties. The first call was received at 4:45 when the department went to 418 Galena avenue. At 10:45 last evening another alarm was turned in from 418 Peoria avenue.

EXPLOSION AT SCHOOL

A gas explosion in the chemical laboratory of the new Dixon high school at 10 o'clock this morning was heard throughout the building but caused very slight damage and did not detract from the attention to studies. An inspector who was alone in the chemical laboratory was examining water and gas connections. At a desk the inspector lighted a match and gas which had escaped from a defective connection exploded, blowing away a portion of the end of the desk. The inspector was uninjured and the damage was nominal.

COUNCIL MEETING

At last evening's weekly meeting of the city council, a voucher was ordered drawn in the sum of \$2,293.71 in favor of Contractor Frank Hughes of this city for the construction of a cement box culvert on Highland avenue south of Third street.

The board of local improvements adopted the final estimates on local improvement ordinance, No. 250, covering the construction of a sanitary sewer on Harrison avenue, the estimated cost of the improvement being \$491.40. It was also voted to advertise for bids under local improvement ordinance, No. 252.

FRESH STORMS NOW ENDANGER BRITISH ISLES

Fear Shipping Again Will Feel Havoc Of The Gales

London, Dec. 11.—(AP)—Fresh gales swept across the British Isles today. Although less severe on land than those of the past few days, which abated yesterday, there was possibility the tempest would make further havoc with shipping in neighboring seas.

London felt only a moderate rain and blustery wind, both of which developed early in the morning. The rain made the inflow of water in the Thames bigger and increased floodings along the river banks. The stream reached nearly three miles breadth in places.

People were driven from bungalow homes in some instances. Oxford was nearly surrounded by water. Streets in some places were one to two feet deep in flood water while punts were used to deliver food.

Reports continued to arrive of effect of the gales at sea. The steamer St. Louis ran ashore off Ushant and the crew was saved with difficulty. The French steamer St. Cyrille after a severe battering put in at Brest with two men injured.

The steamship Leonardo Da Vinci arrived off Dunceigh with its load of art treasures early today and landed a pilot before proceeding to London where it was expected in the course of the afternoon.

The Thames rose another four inches at Windsor last night and part of the royal castle grounds were under water.

SEEK TO SAVE TOWN

Bridgewater, Somersetshire, England, Dec. 11.—(AP)—A desperate fight to save this town, lying low on the plain of Somerset, from inundation is being waged by men and women.

Their conflict is not only with the elements, but with residents of surrounding villages, who think protective barriers by the Bridgewater residents is preventing the water running off their own submerged lands and houses.

The townsfolk profess sympathy with the villagers, but have refused steadily to remove their sandbag protections. There have been several attempts to damage the town's flood defenses.

Dixon Goodfellows are beginning to awaken to the swift approach of Christmas Eve and the necessity of prompt action in the matter of helping the poor kids of the city to a happy Christmas time. Yesterday's mail brought in some nice donations. The women of the South Dixon Community Club, an organization which works tirelessly to gather funds for charitable purposes brought in \$10.00 for the Goodfellow fund today. This organization which has always donated liberally to the Goodfellow fund, deserves special thanks from Dixon's poor kids because the club members live outside of Dixon, in another township. If these kind hearted women will extend their generosity clear to Dixon it should make those of us who live in the city feel a greater responsibility toward the unfortunate children who live among us.

Card Party Friday
Similarly, the ladies of the Kingdom-Mt. Union Aid Society who are to give a benefit card party at Stony Point School on the evening of Friday, Dec. 13, are unselfishly giving time and effort and money to help out the little folks in Dixon at Christmas time.

We now have a total of \$180 in the Goodfellow fund but we need many hundreds more. Goodfellows are urged to donate as promptly as possible.

Many touching and pathetic letters are received at The Telegraph office in every mail. Hopeless mothers appeal for Goodfellow aid as their only chance to make Christmas cheerful for their babies.

Some Touching Appeals
One mother writes, "I have three little fellows and there won't be any Christmas for them if the Goodfellows forget us." She gives their names and ages and says they need overcoats and shoes and adds that "if you know of anyone who has an old heating stove they don't want I would be so thankful for it as we can't keep warm."

So there is a tip for somebody who has a good heating stove stored in the barn or the cellar. You will never use it again. This family needs it. Phone No. 5, ask for the Goodfellow editor, and we will tell you where to take the stove. Or, if you have no way of sending it, we will find a way.

Another worried mother writes "we are so poor my children will not get any Christmas. If they are not helped by the Goodfellows, so please don't forget my poor children. I am in need of a battery for the baby and all the children are in need of clothes. I don't know what they need worse as they have no clothes only what are given to them. My boy (eight years old) has never had a suit of clothes yet."

If you have a baby buggy stored away, and no bright prospects for using it yourself, why not keep it in circulation so that some poor tired woman can wheel her baby to town when she goes hunting for grocery bargains. Instead of letting her lug a baby in her arms or be forced to leave it to the uncertain care of other children. The Goodfellow Club can tell you where it is needed. Phone this office afternoon.

Mr. and Mrs. J. T. Little, in sending their generous donation of \$25 say "we hope a larger fund will be raised this year than ever before, as it will all be needed."

LaGrange P. O. Is Robbed Of \$10,000

La Grange, Ill., Dec. 11.—(AP)—Safe blowers broke into the La Grange post office during last night and cracked open two safes, escaping with the contents. Postal officials believe they contained \$10,000 worth of stamps and currency.

DEDICATION OF HIGH SCHOOL ON FRIDAY EVENING

State Supt. Francis G. Blair To Be Principal Speaker

Francis G. Blair, state Superintendent of Public Instruction and one of the foremost educators in the United States, will be the speaker at the formal dedication of Dixon's new high school Friday evening. The program will start at 8 o'clock and the dedication services will be held in the gymnasium. The building will be open for the inspection by the public at the conclusion of the program.

Superintendent I. B. Potter today announced the dedication program as follows:

Music—High school orchestra, Directed by Miss Lawton.
Invocation.
Music—Girls' Glee club. Boys' Glee club.
Vocal Solo—Deming Hintz, D. H. S. 24.
Address—Francis G. Blair, Springfield, Ill.
Benediction.
President Thomas W. Clayton of the board of education will act as chairman of the evening and the public is invited to take advantage of this opportunity of inspecting the beautiful new building and enjoy the dedication program.

MINERS' STRIKE SPREADS SLOWLY TO SANGAMON CO.

National Miners' Organization Censures Governor

Springfield, Ill., Dec. 11.—(AP)—Encouraged by victory in the Taylorville region, field workers of the National Miners Union this morning extended their activities to Sangamon county and succeeded in persuading miners at the Auburn mine of the Panther Creek Coal Co. to go out on strike.

Success of the strike at the Auburn mine is attributed by Sheriff James M. Kent to a dense fog which enveloped central Illinois this morning. The fog, the Sheriff declared, made it impossible for his deputies to distinguish between the National Miners' pickets and the men going to work at the mines. Arrangement had been made to prevent the pickets meeting the regular miners.

Two hundred of the striking miners from Taylorville met here last night with National Miners' Union organizers after an attempt to enlist miners from the Capitol mine of the Peabody Coal Co. within the Springfield city limits and failed. Plans for picketing the Auburn mine were made at the meeting.

WARDEN AND GUARDS ARE LATER FREED

Soldiers Battle To Capture Convicts Before Dark

BULLETIN.
Auburn, N. Y., Dec. 11.—(AP)—Warden Edgar S. Jennings and four prison guards, held for more than two hours today as hostages by a score of long-term convicts rioting in Auburn state prison, were snatched by a picked squad of state troopers. One convict was reported killed during the attack.

Robbed of their last means of purchasing safe conduct from the prison the convicts prepared to make a last desperate stand in the main hall, while troopers and national guardsmen, armed with tear gas and machine guns, prepared to rush the barricades in the few hours remaining before darkness would throw the entire prison into pandemonium and enable the main body of prisoners to escape.

Henry Sullivan, spokesman for the mutineers, and two other convicts not yet identified, were killed during the attack by state troopers.

The rescue of the Warden and four prison guards was made under cover of a tear gas attack. A detail of troops hurried tear gas bombs through the inner gate into the main hall and waiting until the gas had taken effect, flung the gates open.

Warden Jennings and the four men rushed through and were followed by a scattering fire of revolver shots.

Guard George E. Atkins was shot through the neck and Guard J. P. Van Housen tumbled through the opening with his eyes gouged out. The two remaining to escape as well as Warden Jennings were suffering temporarily from the gas attack. The two, Claude Dempsey and Milton Riker, were sent to the hospital with Jennings. Atkins and Van Housen, Riker was wounded in the outbreak of last summer.

A hasty check after the escape of the group revealed that three or four guards remained in the hands of the convicts.

Auburn, N. Y., Dec. 11.—(AP)—Approximately 1580 convicts in the Auburn state prison revolted today, shot down Principal Keeper George A. Durnford, seized Warden Edgar S. Jennings and several other keepers and held them as hostages for the release of about twelve ring leaders of the mutiny.

Troops Summoned
State troopers from the Oneida barracks; Auburn city police and firemen, and members of the local units of the New York National Guard were summoned at the outset to help in quelling the riot.

Shortly after 12 o'clock the rioting convicts, through a spokesman named Sullivan who figured in the last riot, sent word out to the authorities: "We have guns trained on Jennings and the twelve guards. If you don't give us a free passage out in 15 minutes, we will kill them all."

Warden Jennings sent a message through a trusty to the police urging:

Plea From Warden
"For God's sake, give them what they want."
Principal keeper Durnford was believed to have been slain when he attempted to break through the ranks of his captors to summon aid. He is survived by a widow and two children.

Mrs. Jennings, wife of the Warden, was reported barricaded within her house, inside the prison walls,

Kills Self Because
He Gave Bad Advice

Chicago, Dec. 11.—(AP)—Not for his own stock market losses did Dr. Arthur Tanner kill himself last night. He was unmarried, without responsibilities. His two employees, however, were not so fortunate. They had followed his advice eagerly, investing everything; and they had lost.

That, police said, was why the 39-year-old dentist took gas. They found he had bought stocks on margin and that early successes had led him to urge his young woman assistant and his laboratory aide to put their small savings out the same way. When the house of gold melted away it was a more severe loss to his young helpers than to Dr. Tanner himself. Worrying for them, he killed himself.

In Paper Row

G. Howard Ferguson, above, prime minister of Ontario, is aiding Canadian newspaper interest in their attempt to increase the price of paper from \$62 to \$67 per ton. American newspaper publishers have threatened to reduce consumption of Canadian newsprint if the price is boosted in 1930.

FRANCE'S FEAR
OF GERMANY IS
STILL EVIDENT

Debate On Budget In
Chamber Discloses
Some Anxiety

Paris, Dec. 11.—(UP)—France's fear that Germany secretly is preparing for another war was revealed clearly today in the prolonged and at times disorderly debate on the 1930 war budget in the Chamber of Deputies.

Suppositions of the Chamber were necessary on several occasions when the debate led to disorderly scenes between the right and communist benches.

To the statement of Bocciaux LaFont, budget reporter, that the 1930 projection represented a 10 per cent reduction and a great sacrifice to pacifism, nationalist deputies retorted that Germany is preparing chemicals and secret fortifications which necessitate larger expenses on the part of France.

The extreme left led by Edouard Daladier contrarily declared that the budget was too large and asked whether Germany could do with 4,000 officers and 74,000 soldiers against France's 25,000 officers and 282,000 men.

Farm Youth Admits
Murder Of Parents

Waxahatche, Tex., Dec. 11.—(AP)—A 19-year-old farm boy, Herman Riley, was held here today on a charge of murdering his mother and father and attempting to kill his brother in order that he might harvest the produce of their farm and "get a start in life."

District Attorney A. D. Emerson said the boy had confessed that he shot his parents and brother in hopes of "making the crops myself."

Mr. and Mrs. Riley were shot to death Friday and their younger son, Walter, wounded at their home near here. Walter was shot in the nose and the older boys confession indicated that the District Attorney said that only the fact that Herman believed him dead saved the boy's life.

MINERS' STRIKE
SPREADS SLOWLY
TO SANGAMON CO.

(Continued from page 1)

The pickets were accompanied by women and children who hurled missiles and taunts at the law enforcement officers.

Between 500-600 miners are employed at the Auburn mine. These men are to hold a meeting this afternoon. Joseph Loda, executive board member of the United Mine Workers of America declared, that the mine will be in operation again tomorrow morning.

The Auburn mine is the first pit not owned by the Peabody Coal Co. to go on strike. The National Miners Union is said to be directing their strike efforts against the Peabody mines in an effort to show that the United Mine Workers of America is a "company union" because of the former connection of Frank Farrington, deposed state president of the United Mine Workers with the Peabody Company.

CENSURES GOVERNOR.

Pittsburgh, Dec. 11.—(AP)—Pat Toohy, Secretary-Treasurer of the National Miners Union, today said he had sent a telegram to Governor Emmerson of Illinois denouncing him for his action in dispatching troops to the Illinois miners' strike zone. The action was characterized as "open strike breaking."

The telegram to the Governor said:

"The National Miners Union, now leading the fight of the Illinois coal miners for the six hour day, higher wages and the smashing of the corrupt Lewis and Fiskwick machines, unequivocally condemns your action in dispatching infantry, cavalry and machine gun units to the Illinois strike zone. This can only be characterized as an act of open strike breaking against the Illinois miners in their bitter struggle against the employers. It is clear that your action serves only the purpose of giving direct assistance to the coal operators and is an attempt to prevent the spread of the strike now sweeping throughout the state."

We are not surprised at your action. We do, however, take this opportunity to point out to the workers of Illinois that you have once more revealed your true function as guardian of the interests of the employers. Despite your act, the heroic struggle of the Illinois miners under the leadership of the militant National Miners Union, will spread throughout the entire state. We are confident that the unity of the rank and file miners led by the N. M. U. will guide the exploited and betrayed coal miners to victory."

Resume Bombing Of
Cars In New Orleans

New Orleans, Dec. 11.—(AP)—The dynamiting of two street cars after a month of quiet today brought about an investigation in which police said suspects would be charged with violating both the state law providing the death penalty for such violence and a Federal injunction protecting the trolleys.

Since the beginning of a street car strike in July numerous trolley cars have been bombed.

The two cars were dynamited last night in the residential section of the city. Two Negroes were injured. All policemen on vacations were ordered to return to duty to reinforce the patrol system.

FIERCE BATTLE
IS GOING ON IN
CENTRAL CHINA

Rebel Victory Likely
To Mean Overthrow
of Nationalists

Shanghai, Dec. 11.—(AP)—Wounded began to arrive in Nanking today from a battle in progress 50 miles north of Pukow between loyalist soldiers and the revolting Pukow garrison. Fighting was described as intense.

British and Japanese warships were on their way up the Yangtze Kiang to aid in evacuating the nationals in case events force that move. An American flotilla is expected here tomorrow with like intent.

A rebel victory, it was thought, might conceivably initiate a train of events sending in fall of Nanking and the Nationalist government. Serious disorders affecting foreigners in the central capital in event of its fall were feared here.

The Pukow mutineers began the offensive near Chuchow, with severe fighting developing along the Tientsin-Pukow railway. The Nationalist troops were said to consist of three divisions and one regiment, with additional forces enroute from Nanking.

Five hundred Nationalist troops at Nanking were disarmed by government officials because their loyalty was questioned. They did not resist. Additional foreigners left Nanking for Shanghai.

A strict censorship was believed to be preventing stories of important happenings in central China from permeating to the coast and the outside world.

Bank Robber Under
Sentence Of Death

Lamar, Colo., Dec. 17.—(AP)—Ralph Fiegle, 50-year-old bank robber convicted of first degree murder, was under sentence today to hang the week of March 29, 1930. Judge A. F. Hollenback yesterday overruled a motion for a new trial and pronounced sentence. Two of Fiegle's companions in the robbery in May 1928, of the First National Bank of Lamar, Colo., have been sentenced to be hanged in the week ending February 15.

County Treasury Of
Macoupin Is Probed

Carlinville, Ill., Dec. 11.—(UP)—Administrative records of Macoupin County Treasurers for the last thirty years were examined here today following action of the county board which yesterday charged that these officials had been receiving in excess of what the law allowed.

The board charged State's Attorney Victor Hemphill to make inquiry into the records and to start suits in each instance it is shown that the County Treasurer's income from public office was greater than the amount fixed by the board. The board claimed that the Treasurer is not entitled to an extra fee of \$1,000 as Supervisor of Assessments.

Reporters Freed:
Sentence Complete

Washington, Dec. 11.—(AP)—Three reporters of the Washington Times, sentenced to 45 days in jail for refusing to testify before a grand jury investigation of liquor condition here, completed their sentences and were released at midnight last night.

They were Jack Nevin, Jr., Linton Burket, and Gorman Hendricks. A sizeable crowd was waiting at the jail exit to greet the youths upon their emergence and cameramen made flashlight photographs.

For good behavior, five days of their forty-five days sentence were remitted. Under the law, they can be reincarcerated if called again before the grand jury they still decline to testify. Officials, however, are said to have no intention of following that course.

Doody Wins Stay Of
Execution By Plea

Springfield, Ill., Dec. 11.—(UP)—Stay of the electrocution of Willie Doody, diminutive pint-sized bandit who terrorized Chicago for several weeks last summer, was ordered by the state Supreme Court here today pending hearing on an appeal. Doody was sentenced to die Friday. The stay means that Doody will not know his fate until either the February or April term of the court next year.

Doody was convicted on a charge of slaying Charles Levy, Chief of Police at Berwyn.

GALWAY
GREY town in a country bare
The leaden seas between,
When light falls on the hills
Of Clare
And shows their valleys green
Take in my heart your place
again
Between your lake and sea,
O City of the watery plain
That means so much to me!

Your cut-stone houses row on row
Your streams too deep to sing
Whose waters shone with green as
though
They had dissolved the Spring;
Four streets that still bring into
view
The harbour and its spars!
The chimneys with the turf-smoke
blue
That never hides the stars!

Again may come your glorious days
Your ships come back to port
And to your city's shining ways
The Spanish gables resort!
And ere the tidal water falls
Your ships put out to sea—
Like crimson roses on grey walls
Your memories to me!

Pleasant Meeting Dixon Chapter, D.A.R.

Mrs. L. D. Dement, assisted by Miss Fannie Murphy and Miss Laura Murphy, entertained the Dixon Chapter, Daughters of the American Revolution last Saturday at their regular monthly meeting.

After the usual business meeting, Miss Burnham gave an exceedingly interesting talk on "D. A. R. Educational Work" which the national society conducts along many lines, the most important being, perhaps, the work for better films and the mountain schools.

In addition to assisting several society maintains two mountain schools under other ownership, the schools, Tamassee in South Carolina, and the Kate Duncan Smith School in Alabama, where a great work is being done, bringing education to families long isolated, descendants of pure Anglo-Saxon stock who migrated to these valleys and mountains during the early settlement of our nation.

Following the meeting, a pleasant social hour was enjoyed. Miss Laing and Mrs. Covert presiding in the dining room where attractive decorations of the Christmas season were used.

Penny Rolls
1 cake compressed yeast,
¾ cup warm water,
8 cups flour,
2 cups boiling water,
3 tablespoons lard,
¾ cup sugar,
1 teaspoon salt.

Crumble the yeast and add the warm water. Stir until mixed. Add 2 cups of the flour and beat for 3 minutes. Cover and let stand over night in a warm place. The next morning mix the boiling water, lard, sugar and salt. Let stand until lukewarm and add to the yeast mixture. Add the rest of the flour and when a stiff dough forms, place it in a bowl which has been greased. Cover with a cloth and set in a warm place until doubled in bulk. Roll out the dough on a floured board and cut out with tilt light and fluffy until doubled in bulk. Bake for 15 minutes in a moderate oven.

This dough can be stored in the ice box and when rolls are desired, portions can be shaped into rolls and allowed to rise and then be baked. The exact amount of flour can not always be determined. The dough should not be sticky. If so, more flour must be added.

Use bread flour, never cake flour, for bread and rolls.

Southern Pound Cake
1½ cups butter,
2 cups sugar,
1 teaspoon mace,
¾ teaspoon salt,
1 teaspoon lemon extract,
1 teaspoon almond extract,
8 egg yolks,
8½ cups flour,
8 egg whites.

Cream the butter until soft. Add the sugar and mix well. Add the salt, extracts and egg yolks and beat for 3 minutes. Fold in the rest of the ingredients and pour in to a loaf pan which has been lined with waxed paper. Bake in a slow oven for 1 hour.

Colorful Map Starts Kansas Girl To Riches

Lawrence, Kas.—(UP)—A college home-coming event, started Miss Marjorie Whitney, assistant instructor at the University of Kansas, on a path which may ultimately make her well-to-do.

Miss Whitney responded to the student call for art work in 1926 with a map of the University campus which showed the various buildings, roads and other features of the campus. Colorful designs and gaily lettered signs told alumni of events that had happened in years gone by and served as a guide for those who were unfamiliar with surroundings of the enlarged campus.

An enlarged reproduction was made and hung over the entrance to the stadium and smaller plates were made and 900 copies sold in down town bookstores.

The enthusiasm that welcomed this piece of work started Miss Whitney to make similar murals for children's rooms. Her success was almost instantaneous. Gege Park

school, Topeka, nearby, commissioned her to make a Mother Goose character for the walls of their kindergarten. It was received enthusiastically by children and grown ups alike.

Others wanted similar pieces of work. Bell Memorial hospital, Kansas City, ordered a set of murals which she is now completing in an old barn in the rear of her home.

These pictures included flowers, trees, fairy children, castles and birds, all in colors. The largest is six by 10 feet and depicts the hurried flight of Cinderella from the ballroom down the flight of stairs.

When she isn't painting, she can be found on the bridal path or driving her automobile.

MR. AND MRS. ERNEST MORRIS ENTERTAINED

Mr. and Mrs. Ernest Morris entertained with a chicken dinner Sunday evening in honor of Mrs. Morris' nephew, Harold Hurless, who was celebrating his birthday.

A most attractive cake decorated in pink and white graced the table. Mr. and Mrs. Frank Schultz and daughter, Beverly Jane, Charles Boucher of Sterling; and Mr. and Mrs. Edward Beach and twin daughters, Jacqueline and Joann, and Mr. and Mrs. Carl Schultz of Dixon, were present.

A very pleasant evening was spent by all in attendance and at a late hour the guests departed wishing Mr. Hurless many such happy birthdays.

Menjous Are Not Seeking Divorce

Paris, Dec. 11.—(UP)—Kathryn Carver left Paris enroute to New York today, leaving behind her husband, Adolph Menjou, motion picture actor. Miss Carver denied that either she or her husband was contemplating divorce proceedings.

Menjou, only recently released from the American Hospital, where he underwent an operation for appendicitis, accompanied his wife to the train and stated that he was going to Monte Carlo Monday to recuperate from his operation.

Meeting World Wide Guild Was Enjoyed

The meeting of the World Wide Guild of the Baptist church held a pleasant meeting Monday night at the home of Miss Martha Busker, 518 West Seventh street, with Miss Martha Busker and Mrs. H. Busker as hostesses.

There was a large attendance. The house was attractively decorated in keeping with the holiday season. A "grab bag" was enjoyed by all, and caused a great deal of merriment. After the usual program of song and missionary readings, dainty refreshments were served by the hostesses.

The January meeting is to be held at the home of Miss Louise Johnson, 707 Assembly Place.

Delightful Meeting Of Phidian Art Club

One of the most instructive and entertaining programs of the Phidian Art Club was given on Tuesday afternoon at the home of Mrs. George Shaw by Mrs. Marx Oberndorfer of Chicago, on the subject "Milestones in Opera".

Mrs. Oberndorfer has made a thorough study of opera from its beginning during the Renaissance and with the various composers of Opera, believes that in order to get the full interpretation of each composition, one should both see and hear the musical drama after having made an intensive study of the same.

During her lecture selections from different styles and periods of music were given on the victrola illustrative of her talk.

Mrs. Oberndorfer's conception of her art was most unusual and her faculty of interpreting a delight to her audience, her explanation of Lohengrin being especially charming.

A social hour followed at which time dainty refreshments were served with Mrs. White and Mrs. Coppins pouring.

W. R. C. Election Held Monday Evening

The Woman's Relief Corps held their regular meeting in the G. A. R. Hall Monday evening, Dec. 9. The meeting was called to order promptly at 8 by the president, Mrs. Maude Hobbs.

Reports from the various committees were read. The relief committee reported helping needy families to the amount of \$25. Mrs. M. Jones of the children's welfare committee reported giving clothing valued at \$10.

The chairman for the month of November gave a very interesting report. The President thanked all who helped in November, then dismissed her November Committee.

A letter was read from the Soldiers

Paris Notes

PARIS—In spite of the increased formality of the new Paris fashions, stylists in France still cling to the simplicity of women's dress in the matter of decoration. Practically every big dressmaker on the rue de la Paix declares that trimmings are no longer a part of women's dress, and that the only adornment allowed the smartly clothed woman of today is one which is detachable. This puts them into a class of ornament rather than trimmings, the fashion experts say.

The ornaments permitted the modern costume by Paris are few—jewels, gloves, bags and scarfs. Flowers are allowed with certain frocks of soft fabric, dresses that are called "fleur" by the French. Otherwise dresses are, in the majority, made of one kind of fabric and depend for decoration on the jewels. Scarfs are not a part of the dress, but can be worn with several costumes.

The combination of scarf and jewels is one of the favorite forms of French costume decoration. It is one of the accepted ways of adding color to black and dark frocks.

One of the new versions of this mode is a long pin with a jeweled

Paris Permits Only Detachable Trimmings

ball at either end with the metal strip between a support for a colored scarf. In the dress pictured, a straight scarf of coral colored georgette is fastened with a pin of crystal and coral. The pin is made especially for this use.

A box of jelly and preserves was sent to the Old Sailors' and Soldiers' Home at Quincy.

An invitation was read from the War Mothers, inviting the W. R. C. to the reception of their new Dept. President, Mrs. Viola Strub.

It was decided that all meetings of the W. R. C. hereafter would be afternoon meetings. The next meeting, Dec. 23, will be an all day meeting with a scramble dinner at 1 P. M. when the W. R. C. will commemorate their anniversary. The December Committee will have their Christmas party at that time.

Next in order was the election of officers for next year. They are as follows:

WHERE THE POWER LIES.

Henry Ford raises the wages of some 140,000 men and adds something like \$20,000,000 a year to the payroll of the nation; and, in doing so, he crowds President Hoover's address to Congress out of the leading position on the front pages of the country's newspapers.

This raises, once more, that highly interesting question: who are the real rulers of this country, anyhow—its elected officials, or its big industrialists?

The answer is rather obvious. Despite the fact that the president of the United States is one of the most powerful national rulers on earth, real power in this country is very largely in the hands of men like Ford. In a very real sense, these men are the controllers of our destiny. This may be all for the best, or it may be rather tragic; but there doesn't seem to be anything we can do about it except put up with it.

Consider, for instance, the power that lies in the hands of Ford alone—reflecting, all the while, that he is only one among a number of industrial giants.

Close to half a million people are directly affected by Ford's wage increase. Uncounted thousands more will be indirectly affected. The entire nation will feel the effects of the thing before we are through with it.

Conversely, when Ford shuts down his plants the effect is nationwide. Detroit takes on a dull and lifeless air. Other cities find their prosperity hard hit. Industries that supply Ford with some of his materials are given a taste of hard times. The whole middle-west feels the shut down very keenly.

What is true of the other giants. General Motors, U. S. Steel, General Electric, the great railroad trunk lines—the men who run these concerns have almost the power of life and death over hundreds of thousands of their fellow citizens. They can affect their lives more surely and directly than the federal government itself, except in time of war.

Maybe this state of affairs is all for the best and maybe it isn't. The point is that it exists. This "industrial civilization" of ours is a reality. Complaints and protests are useless.

All we can do is recognize the fact and make the best of it. Our real rulers are the great industrialists. We might as well admit it.

DUMB ENFORCEMENT.

A great many of the attacks on the prohibition law, it would seem, arise because those who enforce the law do not use ordinary common sense.

In Iowa the other day a doctor advised a man to get some whisky for his sick wife. The man thought he would save the price of a prescription, so he went to a speakeasy, bought a pint and started home with it. En route he was arrested. When he pleaded guilty to transporting liquor, he was fined \$210.

That, to our notion, is an example of dumb enforcement. The heavy penalty that has been placed on the crime of transporting liquor was put there as a curb on the rum runner. Using it to club some chap who is carrying home a pint of whisky is perverting its plain purpose. It doesn't help make the nation dry; it simply gives the enemies of prohibition a new ground for complaint.

A headline in a Chicago newspaper says, "Film Star Here; Heads for Balmy Hollywood." Maybe a better word than "balmy" could have been used there. What is it?

A Texas race horse enthusiast offered \$1,000,000 for Reigh Count. President Hoover must have been conferring with the race people.

The way the thermometer has been acting these days is quite a nervous strain to people who bought stocks on margin.

A deer walked into a museum out in Yosemite. Probably looking for a hunter.

If Sweet Sixteen hasn't become Sweet Sixty-three, it isn't the fault of the drug stores and beauty parlors.

A society woman says she bought 165 hats in five months. The idea must have gone to her head.

With radio, talking pictures, talking banquets and talking mechanical men, it is beginning to appear that the wheel of life has a few too many spokesmen.

The Carnegie Foundation, taking an interest in the problem of age and athletic fitness, has given Stanford University \$10,000 to study the matter. The Army football team would be a good subject for that research.

THE TINYMITES

STORY BY NAL COCHRAN—PICTURES BY KNICE

(READ THE STORY, THEN COLOR THE PICTURE)

The Tynmites were tickled. Gee! they all looked happy as could be. At last they'd met old Santa Claus and found him very nice. They watched him chuckle loud with glee. And then he said, "Well, follow me. I'll take you to a nice shop in this land of snow and ice."

"Now, when we get there, just behave. I'll promise I won't make you slave. But I am sure you'll all be glad to help me make some toys. For everything that you kids do will wake up cheerfulness anew on merry Christmas morning, for a lot of girls and boys."

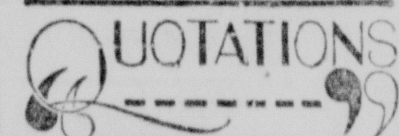

They stepped into the open air and Santa said, "Well, do our share. In fact we're very anxious to sail in and lend a hand. We usually learn things very quick and soon we'll all be working slick. I'll try to tell the others things they do not understand."

"Ah! That's the spirit," Santa said. "I'm glad to see you use your

head. I have a lot of elves who'll gladly show you what to do. Just work real fast and with good cheer 'cause Christmas eve is almost here. You'll find things interesting, boys, 'cause everything is new. And then they reached another shop. Said Santa, "This is where we stop. In here we make express carts and some scooters. You shall see. When you begin to work, be sure that not a thing is turned out poor. I like to have my presents all be perfect as can be."

Within the shop they found a man who said, "Here, Tynmites, you can make use of all my saws. They'll help with things you're going to make. My hammers, too, you all can use. Get busy! There's no time to lose. And please don't stop your work until your arms begin to ache."

(The Tynmites start to work in the next story.)

Half Pint Results In Jail Sentence

Towanda, Pa., Dec. 10—(AP)—Evidence consisting of less than a half pint of whiskey found in the wall of his store has resulted in George Vogle of Towanda being sentenced to serve three years in the county jail and to pay a \$5,000 fine and costs.

The decision was handed down by Judge Charles M. Culber, who also sentenced Vogle's sister, Ruby, to serve one year and pay \$1,000 fine and costs for violation of the prohibition law.

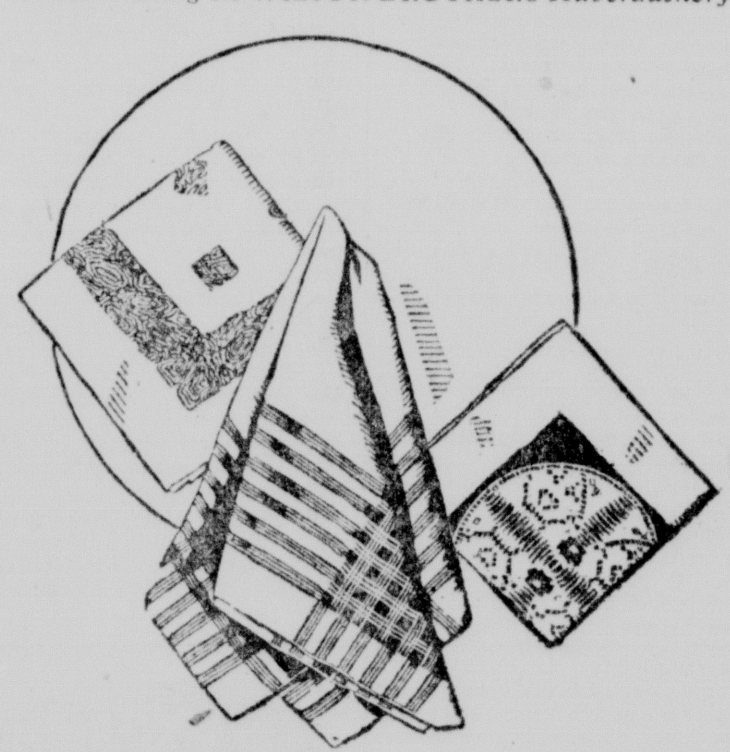

Federal prohibition agents testified at the trial that 13 five-gallon cans, also found in Vogle's establishment, although empty, gave evidence of having contained intoxicants. Another brother and sister, Fred and Caroline Vogle, are awaiting sentence pending an appeal for a new trial.

CROSS COUNTRY FLIGHT IN 12 HOURS PLANNED

Doug Davis in "Mystery Ship" Hopes to Set New Record

By FOSTER EATON
United Press Staff Correspondent
Atlanta—(UP)—Sometime next spring when the elements between Los Angeles and New York return to normalcy, Doug Davis, crack Atlanta pilot, expects to fly the distance in about 12 hours.

The record, now held by Capt. Frank Hawks, is close to 17 hours. But that fact apparently offers little obstacle to the man who recently clipped three hours from the record of seven hours, 30 minutes for the trip from New York to Atlanta. He used a Travelair "Mystery Ship"—a bullet-like monoplane which looks like a bumble-bee upside down but which functions with unprecedented efficiency.

Davis won the cup for America's most meritorious flier of 1929 in the same projectile-like craft at the Cleveland air races. He was in New York early in November and wanted to enter it in an air race in Atlanta. So he took breakfast in Gotham and lunch in Georgia, actually flying the 800 miles in four hours and thirty minutes through rain and fog. The entire trip required five hours with two stops of 15 minutes each for fuel.

Davis believes his "Mystery" ship has greater possibilities than any similar craft extant, believes it's highly developed maneuverability and excessive speed would make it an invulnerable fighting unit in time of war.

He told the United Press that shortly he expects to open its throttle somewhere in the vicinity of the ground, point its nose "absolutely straight up" and cut swiftly heavenward for one solid mile at an angle of 180 degrees.

Already he has climbed to 3,000 feet in that manner after a 250-mile-an-hour start. Present equipment of the plane, he said, does not permit more altitude because of gas tank adjustment, which he expects to alter.

The plane can take off at an angle greater than 45 degrees and hold it "all the way to the ceiling," Davis said. "I believe it is unquestionably the fastest climbing plane ever built."

It is an open cock-pit affair and responds so swiftly to the controls that a sudden change of direction will produce temporary blindness for the pilot. That happened in the Cleveland race, Davis said, when he rounded a pylon too abruptly.

A nine cylinder motor of 300 horse power twirls the plane's 22 degree pitch propeller, 2,300 revolutions per minute and propels the whole craft more than 250 miles an hour.

"A novice is out of place at its controls but it is perfectly safe in the hands of an experienced pilot," he said.

CASANOVA CLUB PARIS' NEWEST IN NIGHT LIFE

Only the Smartest Know of New Cabaret for Society Leaders

By PRINCESS ALI FAZIPL
United Press Staff Correspondent
Paris—(UP)—Casanova the greatest lover in history, has given his name to the cabaret now most popular with smartest Parisian society.

Every season there is a change in nocturnal life of Paris. The change is only evident to those who know Paris and for the masses everything goes on the same way. The narrow streets of Montmartre have their lights glittering, girls are everywhere and jazz plays night long. But artists and smart society folk and Parisian habitues desert their favorite haunts as soon as the tourists trample on their heels.

The Casanova Club is a place which avoids publicity, knowing that crowds would be a deadly blow to its success. The only way to hear of its existence is through some of the elect who know where smart Paris moves.

It is situated very near the bridge of Caulaincourt, not far from Montmartre cemetery. There is no light at the door, nor the slightest sign to indicate the place.

A wooden door with a slatted opening allows a cool inspection of the visitors who tap at the door. Then the door opens and you enter an oblong room, the walls and floor all fitted with carpets.

The space is crowded with tables. Silver plates and cups are piled under silver candlesticks. No style predominates; it could be a Byzantine church or a cavern of some tale of Scheherazade's thousand and one nights.

Charm of Atmosphere
Whatever it is, the Casanova has an atmosphere which charms. Music is not the noisy sort of jazz going on everywhere and dancing is not the wild contortions that you see in all the dancing places. There is harmony between the dim lights, the songs and the people. It is a strange land where women are pretty and pleasures come high.

Other Russian places in Montmartre like the Troika, Kasbah, Kounak are very popular, but more noisy. Montmartre still holds to Russian customs, the evening cannot go by without seeing the musicians try to build up a tower of

At Hoover's Industrial Conference

These men played leading parts in the formation of a national economic council—first of its kind in American history—composed of business leaders of the country. The main objective is to "assure employment and remove the fear of unemployment." President Hoover, pictured center at the important White House conference, told the 400 assembled industrialists. Others shown at the conference are: upper left, Secretary of Commerce Thomas P. Lamont (right) and Assistant Secretary Julius Klein; upper right, Julius Barnes (left), chairman of the board of the United States Chamber of Commerce, and William Butterworth, president of the Chamber; lower left, William B. Mayo (left), chief engineer of the Ford Motor Company, and E. S. Evans, president of the Aircraft Corporation of Detroit. Lower right are William Green (left), president of the American Federation of Labor, and James O'Connell, president of the Metal Trades Division of the A. F. L., as they called at the White House.

empty glasses which are filled with champagne by pouring the golden liquid in the top one.

Cossacks dance, their daggers in their mouths, and finally throw the blade on the floor pining down a hundred franc note that a generous diner has thrown there.

But Casanova is the aristocrat of cabarets. Among its clientele are many rich Americans who climb the hill to hear nostalgic songs, with the

lights turned out and an artificial sky glittering above. The public is cosmopolitan and so are the songs.

Dense Fog Cause Of Fatal Accident

Shelbyville, Ill., Dec. 10—(UP)—A dense fog, was blamed today for the automobile accident near here last night which resulted in the death of Mrs. Harry Wallace, and serious injury to her 5-year old son, Robert. Harry Wallace, husband and father of the dead woman and injured son, was driving the car and escaped with only minor bruises.

ADMITS SPEEDING
Milwaukee, Wis., Dec. 10—(UP)—Capt. W. F. Amsbary of Ashtabula, Ohio, pleaded guilty today before federal steamship inspectors here, to charges of violating pilot rules by operating his ship at full speed through a dense fog.

Capt. Amsbary was in command of the ore carrier Marquette when it collided with the S. S. Senator in Lake Michigan last October 30, sending the Senator to the bottom. Nine men died in the accident.

Amsbary pleaded not guilty to accusations that he refused to aid members of the Senator's crew.

MURDERER HANGED

Hartford, Conn., Dec. 10—(UP)—John Felton, 19, was hanged today at Connecticut state prison for the murder last March of Lester Jacobs at Bridgeport. Jacobs was killed during a holdup of the chain grocery store of which he was manager.

PRO-IOWANS HIT
BACK; OLD CASES
HAVE BEEN CITED

Some Indications Iowa will
Attempt Come-Back
In Big Ten

Chicago, Dec. 11.—(AP)—A pair of unofficial counter-attacks on the athletic conduct of Western Conference schools have been made by University of Iowa sympathizers, but have resulted in no casualties.

Charges made by pro-Iowans having no connection with the University of Iowa, against Northwestern and Ohio State resulted in Big Ten officials saying that the charges were investigated months ago and the schools cleared.

In two affidavits published in the Cedar Rapids, Ia., Gazette-Republican, it was charged that Elmer Marek, former star halfback at Ohio State, and Frank Baker, end on the 1929 Northwestern eleven, had gone to those schools because of financial requirements. It was said Marek was to receive \$200 a month at Ohio State, but Maj. John L. Griffith, Western Conference Athletic Commissioner, said investigation had revealed that Marek worked his way through school. The affidavit in the Marek case was made by Jess Blake of Cedar Rapids, where both Marek and Baker attended high school.

Pape Again Accused
Baker was charged by Charles D. Hadlock of Chicago with having received all his meals without charge, but Maj. Griffith said investigation showed Baker worked for his meals in a restaurant, and unquestionably he did not pay for them.

A renewal of the investigation into the status of Oran Pape, Iowa halfback, who twice was cleared of professional football charges during the past season, indicated Iowa still has its eye on reinstatement to Western Conference favor. Pape, according to information turned over to Iowa officials by Prof. James Paige of Minnesota, is charged with having played semi-professional baseball with a Marshall, Minn., team. Prof. Paige, who is chairman of the special Big Ten committee on athletic investigation, presented the information to Dean C. C. Williams, head of the Iowa Athletic Council, who immediately began another probe.

Rollie Williams, Iowa basketball coach, has added five games to his 1930 schedule, most of them with Big Six or Missouri Valley conference teams. Missouri, Nebraska, Oregon, North Dakota State and Marquette have given the Hawkeyes dates.

Madison, Wis., Dec. 11.—(AP)—Iowa's athletic connection with the Western Conference officially closes January 1, but the ban apparently is effective as far as Wisconsin is concerned.

Wisconsin has refused a bid from Iowa for a swimming meet on December 21, the Badger Athletic Council not believing it advisable to schedule the contest.

Lawrence, Kan., Dec. 11.—(UP)—Dr. F. C. Allen, Director of Athletics at Kansas University, said that any proposal to include Iowa University, ousted from the Big Ten, in the Big Six conference, would be received favorably.

It had been indicated Iowa might seek membership in some other circuit and the Big Six would be a logical choice because it already has two other Iowa eleven—Drake and Ames.

It was known Big Six officials were favorable toward a seven-team membership. Rumors at a conference of the schools' officials at Kansas City last week were that it was suggested three Big Ten schools, Wisconsin, Minnesota and Iowa, join with three Big Six schools, Kansas, Missouri and Nebraska in a new conference.

In that event, Dr. Allen indicated today, a seven-team circuit would be considered with Oklahoma or Kansas Aggies favored to belong.

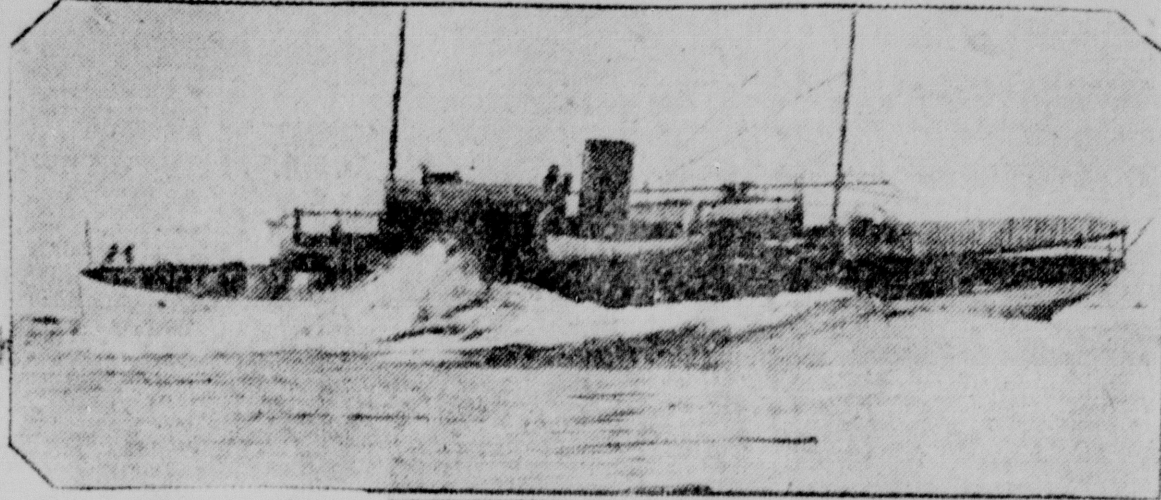

Industrial League
To Start Schedule

The Industrial basketball league will launch its 1929-30 schedule of games this evening and cage fans will have an opportunity of seeing all six teams in action in the beautiful big gymnasium at the high school starting at 7 o'clock. The Dixie Boy's band will furnish a musical program during the evening.

The pairings for the opening series has been arranged as follows:
7 P. M.—American Body & Cab. Co. vs. I. N. U. Co.
8 P. M.—Reynolds Wire Co. vs. Brown Shoe Co.
9 P. M.—Merchants vs. Co. A. H. Nat. Guard.

Referee—Guy Temple, Moline.
George Kitteringham of Rockford will referee the games this evening instead of Guy Temple of Moline. Athletic Director Arthur C. Bowers announced today. The Moline official who had agreed to come to Dixon had overlooked a previous engagement to officiate at a game in Iowa this evening. Referee Kitteringham has been seen in action in several football games this season and has always given fine satisfaction.

MONDAY'S BOUT
A REAL SUCCESS
AS ELIMINATOR

But It Leaves Fight Promoters Flat in Picking Champ

BY DIXON STEWART
United Press Staff Correspondent
New York, Dec. 11.—(UP)—As an elimination bout Monday's meeting of Phil Scott and Otto Von Porat was a complete success.

The foul blow which ended the bout after one minute and 25 seconds of the second round not only eliminated both principals from consideration as contenders for Gene Tunney's vacated championship but appears to have eliminated the two feature heavyweight attractions planned for the winter.

Jack Sharkey, Boston's talkative star, and Max Schmeling, German champion, are now the only prominent contenders for the championship. A match between Sharkey and Schmeling appears to be the only "natural" in the heavyweight division and prospects of such a bout are dubious.

Madison Square Garden Corporation holds an exclusive contract to Sharkey's services and had planned to use the winner of Monday night's bout as a opponent for Sharkey in the annual feature bout at Miami Beach early next year.

Max Schmeling is at war with the Garden and has signed with an "outlaw" group to fight an unselected opponent at Atlantic City on Feb. 22. The Atlantic City promoters hoped to secure either Sharkey or the Scott-Von Porat winner as the other principal.

As a result of the unsatisfactory result of the "elimination" fight, both the Atlantic City group and Madison Square Garden are at a loss for heavyweights to complete their bouts.

It was reported today that the Garden Corporation would abandon plans for the Miami fight.

Sharkey's three year contract with the Garden expires in February and failure to stage the Miami show probably would result in the Garden losing the Bestweight's services. In this event, the Atlantic City promoters would hold the whip hand and might be able to secure Sharkey as an opponent for Schmeling.

SECOND CHANGE
IN MANAGEMENT
OF BIG STADIUM

Millionaire Stockholders Demand Some Profits

BY BERT DEMERY
United Press Staff Correspondent
Chicago, Dec. 11.—(UP)—In rather an uncertain condition since Paddy Harmon resigned as President, affairs of the Chicago Stadium, the \$7,000,000 sports arena which hasn't been "in the black" since it was built, were expected to be ironed out somewhat today with the appointment of a general manager.

Harmon was asked to resign several days ago. He did. Sidney Strotz took up the running of the building, and he also has been asked to resign. Presumably he did.

It is definitely known that several millionaires who took part in the erection of the building want to put someone in charge who can make money.

Harmon owns 42½ per cent of the stock and did not go out without a fight. Rumor has it now that he has lined up enough additional stock to cause trouble in running the affairs of the building.

Just what will be the outcome is conjecturable. It has been reported the affair has simmered down to a point where one of two men will get the management.

Call it a civic affair if you want to and believe also that the millionaires connected with the building were acting on civic principles the fact remains that the millionaires have demanded a profit-making proposition.

They pooled their money into a proposition to make Chicago the sports center of America. No doubt they have the finest indoor stadium in the world but it hasn't made any money.

DAVIS LOOKS TO
U. S. TO REGAIN
TENNIS TROPHY

New Philippines Governor Praises Allison and Van Ryn

BY JAMES S. SHLEHY
United Press Staff Correspondent

Manila, P. I.—(UP)—America's young tennis stars very likely will bring back the Davis cup within a year or two, according to Dwight F. Davis, governor-general of the Philippines, who expressed this opinion in a brief interview with the United Press at a reception he tendered to 340 passengers aboard the S. S. Malolo at Malacanang Palace in Manila.

"I think the cup will return to America in another season or two," said the donor of the famous trophy that is emblematic of international tennis supremacy.

Governor-General Davis added that it was a good thing for the game when France captured the trophy following years of American successes with William T. Tilden and "Little Bill" Johnson reigning supreme.

He said that continuous victory dulled the edge of winning and decreased interest in the court game in international play.

Davis has great faith in Wilmer Allison and John Van Ryn, American Davis cup doubles team. He believes they rang with the best combinations that France can offer.

Along with John Doe, the brilliant George Lott, Wilbur Cohn, Frank X. Shields, and the veterans, Tilden and Francis T. Hunter, they compose a formidable group of stars who, Davis believes, will bring America back to its former place in international play.

LIVELY BALLS
AGAIN SUBJECT
OF DISCUSSION

Some Managers Think the
Present Ball Is
Too "Swift"

GEORGE KIRKSEY
United Press Staff Correspondent
New York, Dec. 11.—(UP)—The "lively ball" controversy has been brought up again at the annual meetings of the National and American Leagues.

National League magnates devoted much of their opening day's session yesterday to the present ball, and the majority agreed it is "perhaps too fast."

John J. McGraw, manager of the New York Giants, and Wilbert Robinson, Brooklyn manager, were among those who thought the present ball too lively.

The National League broke all its home run records last season with 755, an increase of 145 over the 1928 season. Philadelphia led with 164 homers.

When the umpires began to rub the gloss off the ball in mid-season the result was a 45 per cent decrease in home runs during the last half of the season.

Working On Schedule.
President Heydler believes that by commencing the practice of rubbing the gloss off the ball at the beginning of the season this practice will tend to reduce home run hitting and big scores.

The two major league presidents, Heydler of the National and E. S. Barnard of the American League, are working on a 1930 schedule, with an opening date on April 15 and a closing date on September 28.

Broadcasting of baseball games was on today's program for discussion by the magnates. The solution, for the present, seemed to be "local option."

The "chain store system" of ownership of ball clubs has caused Commissioner K. M. Landis to propose a new rule, whereby agreements for the purchase of another club must be filed with Judge Landis, Secretary John Farrell of the National Association, and the presidents of the two leagues involved.

It is now possible for a major league club to purchase a minor league club without any record being kept of the transaction.

Frank Navin of Detroit has been re-elected Vice-President of the American League.

Chicago, Dec. 11.—(AP)—His ultimatum that Gene Tunney must be his next opponent, not withstanding, Charles Arthur (The Great) Shires, 225-pound professional football player, in his second fight for money, Monday night at White City.

After knocking out "Dangerous" Dan Daly of Cleveland, after 21 seconds of fighting Monday night, Shires insisted upon a ranking heavyweight, Tunney preferably, as his next opponent, but finally decided to tackle Trafton, a former Notre Dame athlete, who plays center for the Chicago Bears. Trafton yesterday agreed through his managers, Red and Garland Grange.

WOMEN'S GAINS ARE SHOWN BY INCOME TAXES

Fair Sex Important Source
Of Revenue For
Government

BY CECIL OWEN

(United Press Staff Correspondent)
Washington. —(UP)—Rapid economic strides made by women in recent years are reflected in income tax returns which reveal members of the fair sex as an important source of revenue for the Federal government.

An analysis of 1927 income tax returns made by Treasury experts discloses that single women made 553,199 returns in that year and had net taxable income aggregating \$2,233,644,068. In addition, wives filed separate returns and reported net income of \$1,219,714,312.

For the same year single men filed 1,512,497 tax returns and reported aggregate net taxable income of \$4,012,025,058. Husbands and wives filing joint returns totaled 2,016,850 and had net taxable income of \$13,870,232,343.

Study of the above figures shows that a greater part of the Federal revenue from individual income taxes is derived from married persons, while returns by single women constituted one-third the number filed by single men. Single women also had net income aggregating about one-third those reported by single men.

Percentages Quoted

On a percentage basis, the statistics revealed, women filed 15.30 per cent of all individual tax returns and had 15.32 of all taxable net income reported. Single men made 44.4 per cent of all returns and reported 21.80 per cent of all taxable income. Married persons filed 50 per cent of the returns and had 61 per cent of the aggregate net income taxed.

Three single women and three single men paid taxes on incomes ranging between \$3,000.00 and \$4,000.00, while 15 husbands and wives reported net incomes in that class. Five single men reported incomes of \$5,000.00 and more, but there were no single women in this class. Six married persons came within this super-millionaire classification.

Most of the single women, 131,563 reported net incomes between \$1,000 and \$2,000, although women were well represented also in the higher income brackets. Most single men also paid taxes on incomes ranging from \$1,000 to \$2,000, while more married persons were in the income class between \$3,000 and \$4,000 than in any other.

OH, SHOCKING!
London—Better be prepared for a shock on the eyes, for, if what George Hall, member of the Manchester City Council, says proves true, we're due to see nude bathing in a few years' time. "Then," he says, "we shall be astonished when

at the seaside or public baths we see a man or woman in a bathing suit. There is much more decency in nudity than in bodies covered by flimsy bathing dresses."

TOYTOWN IS OPEN!

MOTHER! OHH MMOOTTHHEEERRR!! Look at that wo-wond-awfully nice doll buggy, that one right up there. And OH! OH! OH! did you ever see so many BEAUTIFUL dolls? OH! I'm going to ask Santa to bring me that one with a blue dress. . . . Boy! look at that pool table. Gee, ain't it a pippin. THERE'S what I want, that dump truck—it runs by friction or sumpin'. Say, didja see that filling station, bet that'd pump real gas—mayby. . . . Here's a comb and brush set I want, mother—Oh! I never saw a black board like this before—see it folds up.

Yes, Alice, perhaps Santa will bring you the doll you want and well just perhaps—a buggy to wheel it in, too—and if Franklin is a good boy I'm sure Santa will not forget the dump truck—but now children we must think of something for baby sister. Here is a nice red rocking chair that I'm sure she would like and I think this set of real china dishes would be just the thing.

And so on thru the store went the happy party—Mother, Alice and Franklin.

The doll Alice wants is 20 inches tall, has real hair and eye lashes, will go to sleep and costs only \$2.98. The buggy mother thinks will be nice for it looks almost exactly like a real baby carriage,—has reed body, wire wheels, and is burnt orange color. Priced at \$3.98.

The pool table that Franklin admired is—all metal, has a spring propelled cue stick—price 98c each. The dump truck he wants is number 288—22 inches long, 7 inches wide and 9 inches high, is painted blue and costs \$1.50. Franklin was mistaken it is not a friction toy but is an extra heavy built pull toy. The filling station does look like it would pump real gasoline, but it doesn't. It sells for \$1.59.

The toilet set Alice desires is made especially for girls, is of blue, celluloid, containing a comb, brush and mirror, put up in a neat box, at 98c the set.

The red rocker they selected for baby sister is a practical toy. Sturdily built of all wood and painted a bright red. (Paint will not fade or rub off) priced at 98c. The toy dishes, they learned from the saleslady, comes from Japan and are really hand decorated. They can't decide which set they want, some sets have 11 pieces and others as many as 23. Priced from 25c up to \$1.98.

Now, girls and boys, when mother brings you down to our store you can see all that Alice and Franklin saw and besides here are a lot of other things you can see.

TWO THEORIES OF CAUSE OF BLAZE IN MOVIE STUDIO

Authorities Undertake an Investigation Of the Death Of Ten

New York, Dec. 11—(AP)—Authorities sought to learn from survivors today the cause of the fire in the Manhattan Film Studio in which 10 members of a talking picture company lost their lives and 18 were injured.

Four of the dead were chorus girls in the cast of a song and dance revue being filmed by Pathe Sound Studios, Inc.

The dead:
Burford, Edna, chorus girl.
Porter, Catherine, chorus girl.
Sparks, Jola, chorus girl.
Byrne, Norma, chorus girl.
Bischoff, Joseph, make up man.
Koerble, Charles, electrician.
Kramer, Carl, electrician.
Nussman, Robert, electrician.
Quinn, Jack, property man.
Wilson, Ernest, bookkeeper.

Have Two Theories.

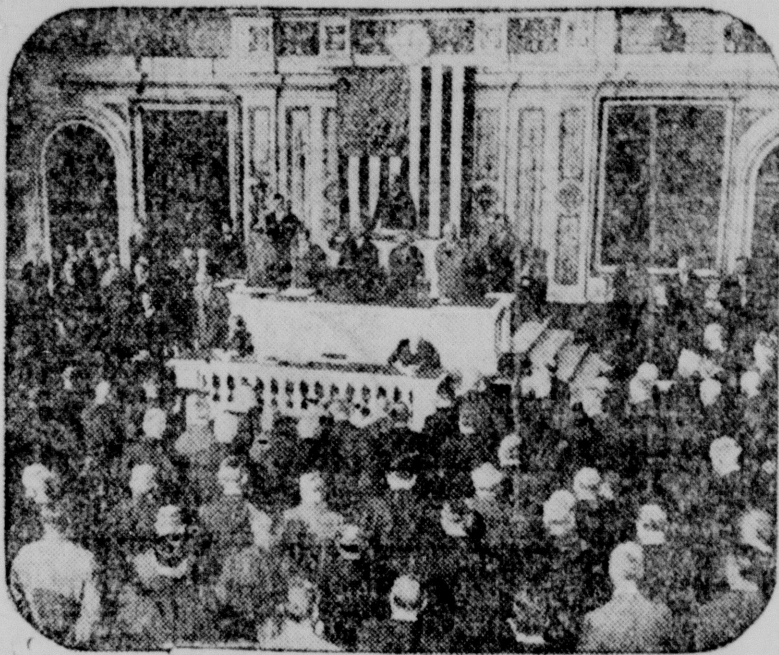

Two theories for the cause of the fire were advanced.
Witness told officials of the Fire Marshal's office that a glowing spark was seen to drop from the carbon of a sunglow arc-lamp a moment before a mass of scenery and drapes burst into flames. They said the burning particle fell into folds of a velvet drop.

Peter C. Spence, Chief of the Fire Prevention Bureau of the Fire Department, said he believed the fire probably was the result of a surreptitiously smoked cigarette.

He said an order for the installation of a sprinkler system in the old studio building which is located in Harlem at Park Avenue and 134th Street had been issued last May, but because not more than five rees of film were stored in the building at one time, the department was powerless to enforce the order.

Democratic and Republican Leaders Shake Hands as Battle Is Renewed as Prayer Ends; Longworth Poses With Women

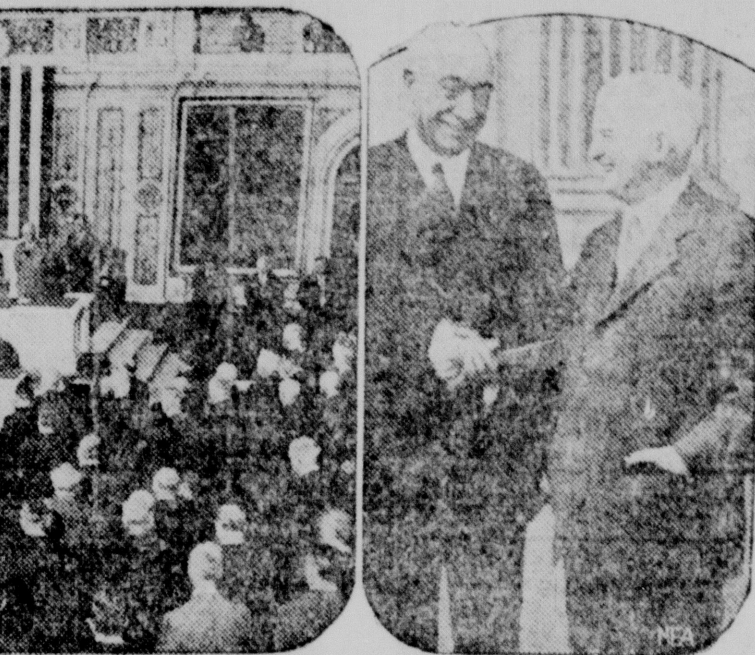

NEA Washington Bureau

Scenes at the opening of the first regular session of Congress in the Hoover administration are pictured here. Members of the House of Representatives are shown at the left above standing with bowed heads as Chaplain James Shera Montgomery opens the first session with prayer. Nicholas Longworth, speaker of the House, is presiding. The other picture above shows John Q. Tilson, left, of Connecticut, Republican leader of the House, and John N. Garner of Texas, Democratic leader, shaking hands. Below, Speaker Longworth is shown greeting some of the women members of the House. Left to right are: Mrs. Ruth Pratt of New York, Mrs. Edith Rogers of Massachusetts, Speaker Longworth, Mrs. Ruth Bryan Owen of Florida and Mrs. Katherine Langley of Kentucky.

Emma Mehlich won the prize. The Christmas tree drill and the play, "Christmas at the Poor Farm" given by Miss E. Saylor's pupils was greatly enjoyed. A Santa Claus contest came next. Mrs. Ruth Ogilvie winning. The Noah's Ark contest was won by Miss Della Schnuckie and Mrs. Nellie Bernardin.
The hostesses served surprise packages and coffee. Those on the committee were: Mrs. Pauline Hodren, her daughter, Mrs. Maxine Gilmore, Mrs. Lulu Richardson, Mrs. Clara Corwin, Mrs. Susan Hills.

Kid Chocolate Has Joined The Lights

New York, Dec. 11—(UP)—Kid Chocolate, sensational Cuban boxer, has announced his intention of deserting the featherweight class to campaign among the lightweights with the hopes of lifting Sammy Mandell's title.

The Havana Negro, through his manager, Louis Gutierrez, says he is through trying to make the featherweight class limit. He will make his debut as a lightweight against Dominick Petrone at the New York Colliseum Dec. 18 and then will return to Cuba for the holidays.

Chocolate has never lost a decision during his career of over 125 fights.

Madison Square Garden officials had planned to match him with Bat Battalino for the featherweight championship. Chocolate's statement today being the first intimation he was having trouble in making weight. Chocolate weighed 127 for his bout with Herman Silberberg at Lenox Club last night, which he won by a knockout in the first round.

So. California Is Working For Game

Los Angeles, Dec. 11—(UP)—The heaviest scrimmage since their training period began was indulged in by the University of Southern California's football squad today in the process of conditioning for Saturday's intersectional meeting with Carnegie Tech.

The pressure will be relaxed tomorrow, however, when Coach Jones plans to put the team through dummy scrimmage. Friday's workout will be no more strenuous than running signals and receiving final instructions for the game.

Coach Walter Steffen's Tartans will reach Pasadena early Friday and will hold a final workout in the Rose Bowl in the afternoon.

Too Many Eyes Make Things Appear Bad

Chicago, Dec. 10—(AP)—Too many eyes made the situation look complex for Dr. Charles H. Eye today.

Mrs. Gladys Eye said the physician was still married to Mrs. Doris Eye when he married her (Mrs. Gladys Eye) Nov. 23. Judge Borrelli decided to wait a week before hearing more of the bigamy charge.

Montreal Canadiens Advanced To A Tie

New York, Dec. 11—(UP)—Montreal's Canadiens advanced to a tie for first place in the international group of the National Hockey League last night by defeating the Detroit Cougars, 5 to 3. The victory enables the Canadiens to pass their city rivals, the Maroons, who were idle and gave them a tie with Ottawa at 14 points. Boston's Bruins increased their lead in the American group by defeating Pittsburgh, 5 to 4, in a bitterly contested game. The Bruins now lead the league with a total of 16 points, four more than Chicago, their nearest American group rival.

The New York Americans eked out a 1 to 0 victory over the Toronto Maple Leafs in the only low scoring game of the evening. It was the American's first victory since the opening night of the season.

Greenleaf Winner After Hard Fight

Detroit, Dec. 11—(UP)—After a three-hour struggle Ralph Greenleaf, former world's champion, won in his first start in the world's championship tournament at the Recreation Building yesterday. Greenleaf defeated Spencer Lively, Los Angeles entry, in a dual of safety and scratches, an unfinished run of 20 ending the game. The final score was Greenleaf 125, Lively 106, in 40 minutes.

Erwin Rudolph of Chicago and Pasquale Natale of Detroit scored victories yesterday afternoon. Rudolph defeating Onofrio Lauri of Brooklyn, 125 to 51 in ten innings, and Natale beating Joseph J. McCann of Jacksonville, Fla., 125 to 38, in fifteen innings.

COMPTON NEWS

Compton—The Compton Women's club have taken the lead in the financing the purchase of necessary stage settings and seats for the new high school auditorium, so that the community will enjoy immediate use of the new building. The cost of the furnishings are estimated at approximately \$500.00. As an initial "down payment" the Woman's club have \$75.00 in cash to start the plan. In turn the club will seek aid from any individuals or organizations who wish to donate sums to this fund. Anyone so contributing will be given public recognition for the gift, and the donor may designate what part of the furnishings they wish to have known as their gifts. A committee has been appointed to take initial steps in solving the financial problem. This was voted at the meeting held Monday evening at the high school gym., to assume the responsibility of the above plan.

The rest of the meeting was highly enjoyed by the good attendance. Miss Ellyn Saylor had charge of the program. First on the program, the honorable "Monsieur Wondernut", Miss V. Helen Fox, who after a few remarks to the audience, entertained with "his" human scale. After this selection "There was a little girl", Mrs. Emma Fox gave a book review on Banditta of the Prairie by Edward Bonney. This came under our study of Illinois. "GLY-CAS ENDED MY RHEUMATISM IN FEW WEEKS"

Agonizing Pains Had Always Returned After Other Medicines; First Complete Relief For Her.

"I had used so many different medicines and treatments in the past 4 or 5 years for rheumatism that I had almost given up hope of ever being rid of this affliction." Mrs. George Rostek, respected lady of 336 Le Harpe St., LaSalle, Ill., recently said in a surprising statement about Gly-Cas, the amazing vegetable discovery praised so highly throughout this section.

"The rheumatism had settled in my lower limbs, affecting my knees and feet especially," continued Mrs. Rostek. "Both my knees and feet were swollen and at times the misery was so bad I couldn't even bear my weight on my limbs. It seemed that partial relief was all I could ever get from any of the medicines I tried. I might be some better while taking them, but then, in a day or so, the old rheumatism would return and it was this way until I got Gly-Cas which, I want to say now, is one medicine that's certainly out of the ordinary. In only a few weeks, it has entirely ended the persistent attacks of rheumatism for me where nothing else could and I will now sincerely advise any rheumatism sufferer to take Gly-Cas after it has proved so different in my case from all the other preparations I tried before."

Gly-Cas is sold in Dixon at the Campbell White Cross Pharmacy, Sold Franklin Grove, G. S. Ives; Polo, C. R. Clothier; Ashton, G. R. Charters; Amboy, Aschenbrenner Drug; Compton, W. H. Hills; Rochelle, Barker & Sullivan and by leading druggists in all surrounding towns—Adv.

Pictured here at the speakers' table from left to right, are Walter C. Teagle, president of the Standard Oil Company of New Jersey; Sir Henry Detering, managing director of the Royal Dutch Shell companies, and E. B. Reeser, president of the institute.

Alleged Killer Trapped

He had intended to "die fighting," then thought better of it, and here you see the long-sought "Jersey Kid"—bare-headed, at left—as he submitted to handcuffs after surrendering to 60 detectives and policemen from three states who surrounded his three-room flat in New York. Wanted for murder in Chicago, Philadelphia and Newark, N. J., and for eight robberies involving more than \$200,000 loot, the "Kid," whose real name is Frank McBride, was trapped while in the company of Peggy Davis, right, former show girl. He had fired at police while the girl sought to escape through a window.

After Vare's Plea in Senate

His dramatic plea for a seat in the United States Senate was finished, and here you see the ailing Senator-elect William S. Vare of Pennsylvania as he left the capitol in Washington with his wife and daughter, Mrs. William Vare Kipp. A few minutes before he had stood in the chamber of the upper house and read a prepared address defying the Senate to exclude him and challenging anyone to produce evidence of fraud or conspiracy in his election three years ago.

SPEEDY HAIRCUT.

London.—London barbers are ready to throw away their scissors. A new electric hair cutter does the job in less than half the time it used to take. It is something along the line of the modern electric clippers, but does the entire job, instead of merely

the trimming. As the hair is cut it is automatically thrown away, thereby eliminating the stray hairs from falling under the collar.

COWBOY, BAKER AND OPTICIAN SEEK EARLDOM

Three Claimants Open a
Legal Battle to
Settle Status

BY WALLACE CARROLL
(United Press Staff Correspondent)
London. —(UP)—A cowboy, a baker and an optician opened their legal battle here today to prove their conflicting claims to the Earldom of Egmont.

The cowboy is Frederick Joseph Trevelyan Perceval, 56, for 28 years a rancher in Alberta, Canada.

The baker is James William Perceval, 65, a resident of London and the father of six children.

The optician is Robert Pownall, an old-age pensioner of Haydock, Lancashire.

Whoever wins the three-cornered fight will become Earl of Egmont, Baron Perceval, Baron Arden and Baron Lovel and Holland. The value of the states to which he will succeed is estimated at from \$500,000 to \$1,000,000.

The rival claimants to the Egmont title and fortune have searched the Perceval family records back to 1773 when the title was granted. In their attempt to fill several blank spaces in the Perceval genealogical table and thus substantiate their individual claims, they have carried their investigations as far as Australia.

Ninth Earl's Death
When the ninth Earl of Egmont died last January, the cowboy, who has always been known as plain Fred Perceval, came to England with his 14-year-old son, Frederick George, and took up his residence at Avon Castle as the tenth Earl. He was the only known relative of the ninth earl and had been designated his heir. The son was given the title Viscount Egmont.

Then the baker, James Egmont Perceval, announced his claim to the title. He said he was the son of Augustus George Perceval, who was the son of the Rev. Arthur Philip Perceval, brother of the sixth Earl of Egmont.

The baker's lawyers told him that if he actually were the son of Augustus George, he should have become the eighth earl in 1897. This implied that the eighth earl, who died in 1910, and the ninth earl had no rightful claims to the title. Consequently, the cowboy's claim, through kinship with the ninth earl, was void.

If the baker's claim were successful, his son, Augustus, would become Viscount Egmont, and Augustus's two boys would be addressed as "Honorable." Augustus was really responsible for pressing the claim on behalf of his father.

Paternity Records Sought
The lawyers centered their efforts on establishing the baker's paternity. He was born in Sydney, Australia, and the records of that city were searched for a birth certificate.

The baker, however, lost a previous attempt to establish a claim in 1907.

While the baker and his son were gathering documents to support their position, Pownall, the optician, came forward with a claim based on an even more ancient connection with the family. He asserted he was a descendant of Philip Tufton Perceval, second son of the second Earl of Egmont by his first wife.

Philip Tufton Perceval married a commoner in 1790. The only child of this marriage was a daughter, Sarah, who married a man named Pownall, the optician's grandfather.

Pownall claims to be the nearest male issue in the line of the title. He says he travelled 10,000 miles gathering documentary evidence to support his claim.

The three claimants have had since June to conduct their research and file their claims.

SOUTH DIXON

SOUTH DIXON—Mrs. Elizabeth Murttaugh, two daughters and son, of Amboy, were Sunday visitors at the Jesse Lautzenheiser home.

Mrs. Raymond Jackson and son have returned to their home in Rantoul, Ill. after a week's visit at the Peter Hoyle home.

A very successful box social was held on last Friday evening at the Meese school. The program and entire entertainment were enjoyed by all present. Miss Esther Lewis of Amboy is the teacher.

The Noah Beard and Albert Beard families spent Sunday in Woosung at the home of Mr. and Mrs. William Beard.

Mrs. L. F. Henry entertained the South Dixon Community Club on last Wednesday.

Mr. and Mrs. Jesse Lautzenheiser were callers at the Frank Glessner home on last Thursday.

Mr. and Mrs. Lloyd Hoyle were Dixon shoppers Friday.

Mr. and Mrs. William Spangler and daughter Dorothy, visited Saturday at the John Spangler home north of Nachusa.

Mr. and Mrs. Walter Origiesen entertained a company of friends on Sunday evening.

Mr. and Mrs. Albert King visited on last Wednesday at the home of the latter parents, Mr. and Mrs. L. F. Henry.

Mrs. J. P. Brechon was a Dixon shopper Monday.

J. Elssor of Amboy has been calling on different farmers, arranging for the culling of chickens. He expects to start the hatching season in January.

Clarence Henry has been assisting Roy Fisher with his corn-husking.

Mr. and Mrs. Peter Hoyle visited in Dixon Friday.

Mrs. Amy Wolfman and brother, Charles Hanson were Dixon shoppers on Friday.

Mrs. L. F. Henry and Mrs. J. Lautzenheiser were Dixon visitors on Tuesday.

Let us forget—Be sure to attend the dance and play next Saturday evening December 14th, at Woodman Hall, given by South Dixon Community Club.

WARNS COOLIDGE

Washington, Dec. 10.—(UP)—Senator Harrison, Dem. Miss., in the Senate today warned Calvin Coolidge not to be drawn into "the conspiracy" to put him in the Senate. Harrison said the aim of the movement was to eliminate the former President as a possible opponent to Herbert Hoover in the presidential nomination of 1932.

"RINGWORM OF THE TOES"
By CHARLES M. WILLIAMS, M. D.,
New York, New York.

(This series of articles is prepared under the direction of the Gorgas Memorial Institute, which is organized to perpetuate the life work of the late Major-General Gorgas in preventing unnecessary illness. Headquarters of the Institute are at 1331 G Street, N. W., Washington, D. C.)

One of the so-called "new" diseases which is attracting a good deal of attention in the medical world is known commonly as "ringworm of the toes." It does not look like a ring, it is not caused by a worm, and it is not new, but only newly recognized. These cases used to be called eczema. The commonest symptom is a superficial crack at the bottom of the fold between the toes, with soft sodden skin in the same region. Very often there are little blisters may come on the sole also—sometimes very small, sometimes up to a quarter of an inch across; and in bad cases there is so much swelling and pain that the patient can hardly walk. The disease is caused by a fungus, a parasite, and is therefore contagious; and one of the commonest agents in spreading the infection is the bath-house.

Picture to yourself a young man with this disease on his feet—quite unaware of it—only conscious of a little itching. After getting warmed up by an hour's exercise, his skin soft and moist, he walks barefoot from the dressing room to the shower bath or the pool, and at every step he leaves on the floor a fragrant or so of skin, microscopic in size perhaps, but loaded with disease-producing fungi, all ready to stick to the of some one going from bath to dressing room. At one university 52 per cent of the freshman had the disease at the beginning of the year and 78 per cent at the end of it. The gymnasium was antiquated, had inferior sanitary facilities, and the boys did not use bathing shoes. The girls at the same institution began the year 15-13 per cent infected and ended it 17.3 per cent infected—they had a modern gymnasium, and wore bathing shoes. Very similar statistics have been obtained from other colleges.

Think what must happen at summer bathing resorts, public or private, where the floors are never disinfected. With the increasing interest in athletics, with the crowds thronging the bathing beaches, there are more and more people exposed

to this disease, and it seems to be growing more common every year.

The symptoms are usually easily controlled by proper treatment, but the spread of the disease will not be checked until all cases are recognized and properly treated, and what is perhaps more important, until the authorities at all bathing places undertake proper measures of control. You can help by making sure that you are free, and if you are not, by getting your doctor to cure you and then keep you free.

Sues Dupont And Wife For Million

Jacksonville, Fla., Dec. 10.—(AP)—Gordon McCauley, attorney for Mrs. Mary Ball of New York and California, filed notice of suit for \$1,000,000 in her behalf in Circuit Court here today against Mrs. Jessie Ball Dupont and her husband, Alfred I. Dupont. The notice did not set forth grounds of the proposed suit.

Mrs. Hall was divorced here two years ago from her husband, who is a brother of Mrs. Dupont.

McCauley said he was employed to file the suit here so that papers in the case could be served on Mr. Dupont, of the E. I. Dupont de Nemours Company and Mrs. Dupont.

CALL JULIUS BARNES

Washington, Dec. 10.—(UP)—Julius H. Barnes, Chairman of the Board of the United States Chamber of Commerce and an intimate adviser of President Hoover, was directed today to appear before the Senate lobby investigating committee Friday to testify concerning his alleged campaign against the Federal Farm Board. Reports have been in circulation here alleging that Barnes has been assisting grain commission

men in opposing policies of the Federal Farm Board which it is claimed tend to interference with private grain business.

HURLEY FOR CHANNEL

Washington, Dec. 10.—(UP)—Secretary of War Hurley, speaking at a luncheon of the Illinois delegation attending the Rivers and Harbors Congress, declared he was unequivocally in favor of completing a nine-foot channel from Chicago to the Mississippi, through the drainage canal and the Illinois river.

PLEASANT RELIEF FROM CONSTIPATION

Shoulders droop under weight of years. Young, yet beauty has fled. Cheeks are sallow and drawn. Unpleasant pimples. Keep your system clean and you keep the beauty of youth. Its energy. Its irresistible charm. Then life is not a failure.

Clogged bowels and inactive liver cause poisons to seep through the system. Health vanished and with it beauty and energy. Dr. Edwards Olive Tablets will help save you from this dark hour. For 20 years they have been prescribed in place of colic to men and women seeking health and freedom from constipation. They act easily and smoothly. No dangerous gripping. Take nightly before retiring. Results will amaze you.

Thousands of men and women would never be without Dr. Edwards Olive Tablets, a vegetable compound. Know them by their olive color. 15c 30c and 60c. All druggists.
